

MEETING NOTICE

This month's meeting will be held at Grace Presbyterian Church, 2100 Tice Valley Blvd., Walnut Creek, on June 20th at 8:00 p.m.

Speakers will be Don Doughty, W6EEN, on Field Day. And, Jerry Boyd, WA6CUP, from the Southern Chapter.

It is with a deep sense of regret that we report the passing of our good friend Dick Thomas, WA6ODA on Wednesday June 11, 1980. We will surely miss him.

Deadline for next Issue: Articles & Want Ads by June 28, 1980

Next board meeting at the C.C. County O.E.S. building, 50 Glacier Dr., Martinez, June 23, 8:00 p.m.

MDARC GENERAL MEETING
MAY 16, 1980

The Meeting was called to order at 8:00 pm. by Pres. Chuck Welch, WA6MWU. Visitors were introduced. Up grades were announced.

WD6APL read the resolution that had been drafted for "Ham Radio Week".

M.M.S. & P. that the resolution be accepted for "Ham Radio Week", the week prior to Field Day.

WA6MWU mentioned the special meeting last Wednesday between RRRG & MDRA. He reminded all members of Rocky Ridge Repeater Group to come to the meeting on May 21st.

WA6IRZ, announced that the speaker for tonight will be Al Nielson, WD6AGA. The June meeting will have Don Doughty, W6EEN, & Jerry Boyd, WA6CUP, as speakers.

M.M.S. & P. that the minutes of 4-18-80 be accepted.

Treasurer Report: W6CU, Savings \$541.91; Checking \$1259.40.

E.C.: No emergency in progress.

Carrier: Presses are working. Comments were made regarding the directory--Super, etc.

M.M.S. & P. that Florence Lortsher be awarded a certificate of appreciation for her efforts (& just plain hard work) every month on the Carrier & the Directory (W6KLM's XYL).

Door Prizes: We have several certificates coming from World Radio for 1 year subscriptions which will be given as prizes at coming meetings.

Field Day: W6EEN, Everything seems to be falling into place. They have 40 or so people signed up for the hill. Mori, K6OYE, (chief operator), will be speaking at the June 12th meeting "Introduction to Contesting". They still need QRP rigs (2 more) & coax.

Membership: 289.

Public Service: WA6OFI, everything is going well. Still needs operators. Remember "Field Day" June 28th.

Anyone interested in getting a cap like Daves' (yellow w/call & name) should contact him. They cost \$5.00.

Repeater Group: Meeting 6-21-80. WR6AHK is not working well.

TVI: No problems.

3895: K6IMV, It is going well. Salley, WB6FOA, is staying in her motor home in the Kaiser Hospital parking lot, Sacramento, after her fall.

Picnic: Scott, WB6PQM, needs assistance with organizing. The picnic will be in August.

Meeting adjourned at 8:40 pm. After which we had a very interesting talk by Al Neilson, WD6AGA.

Respectfully submitted,
Judy Stewart, KA6AHO

MDARC BOARD MEETING
MAY 19, 1980

Meeting called to order at 8:00 pm. by Pres. Chuck Welch, WA6MWU. Present were W6CU, K6XC, WA6TXM, WA6OFI, W6IKE, WA6GON, WA6HAM, K6IMV, WB6PQM, WA6MWU, & KA6AHO.

M.M.S. & P. that the minutes of the 4-21-80 Board Meeting be accepted with the following correction: 7 name plates are affixed to the Silent Key Plaque at the W6LGW Memorial Station.

Secretary Report: A get well card has been sent to Salley Nikkel. She is staying in her motor home in the Kaiser Parking lot in Sacramento since being released from the hospital after her back injury due to a bad fall.

Treasurer Report: Savings \$541.91; Checking \$1180.90 & \$52.50 to deposit.

M.M.S. & P. that the \$126.00 received from the sale of the antenna donated by Gabe Vincent be dispursed as follows: \$100.00 be donated to the Red Cross in the name of Gabe Vincent in memory of his wife, earmarked for W6LGW; \$26.00 to reimburse the club for expenses.

E.C.: No emergencies at this time. RACES plan is almost completed & going to FCC for approval.

Car Pool: more rides than needed. Keep them coming.

Door Prizes: Balance 4-21-80 \$224.71 less \$103.72 (prizes) & \$26.00 (World Radio), plus \$81.50 (May meeting) = Balance May 19, 1980, \$176.49.

Public Relations: K6XC, "Ham Radio Week" resolution being completed, WA6GON has drafted a cover letter to go with a copy of the resolution & a copy of the Carrier to various City & County agencies.

There was a discussion regarding organizing a speaker bureau within the club.

Public Service: Everything is going well. See Calendar for coming events.

Repeater Group: M.M.S. & P. that the Board requests that the Chairman of the Rocky Ridge Repeater Group make a report of repeater activities to the Board monthly, either in person or in writing.

Picnic: WB6PQM, working on it.

TVI: No problems.

3895: No Problems.

Tech Forum: Larry, W6JLE, is out of the hospital & doing fine. The Forum will be changing from Wednesday to Thursday nights.

Awards Committee Budget: M.M.S. & P. that \$50.00 to be allocated toward the Christmas Party Awards.

Membership Certificates: M.M.S. & P. that WA6HAM have new membership certificates printed & that \$25.00 be allocated to purchase same.

Respectfully submitted,
Judy Stewart, KA6AHO

PROCLAMATION

Mayor June Bulman of the City of Concord has proclaimed June 23-29th Amateur Radio Week in Concord. The MDARC Board of Directors approved a resolution written by Joe Campbell, WD6APL, & submitted it to the Board of Supervisors & the various city councils. It is the Boards hope that all cities and the county will follow Concord's lead in recognizing amateur radios unique services to the community.

The councils received a brief cover letter describing Field Day and a copy of the May 1980 Carrier. Ron, K6XC and Don, W6EEN, will now be working on getting as much publicity as possible out of the proclamation.

Doug Smith, WA6GON

RESOLUTION

of

The Officers Of The Mount Diablo Amateur Radio Club, Inc., A California Corporation Formed In 1947 Which Is Nonprofit And Devoted To Goodwill

WHEREAS, amateur radio provides communication
Worldwide free of any charge or fee

WHEREAS, amateur radio provides communication
Nationwide free of any charge or fee

WHEREAS, amateur radio provides communication
Statewide free of any charge or fee

WHEREAS, amateur radio provides communication
Countywide free of any charge or fee

WHEREAS, amateur radio provides communication
to any individual, group, city, for
any reason OTHER than PROFIT

WHEREAS, charity groups by the hundred request
amateur radio service(s)

THEREFORE, be it resolved that the Mount Diablo
Amateur Radio Club Officers hereby
declare June 23, to June 29, 1980
as AMATEUR RADIO WEEK IN CONTRA COSTA
COUNTY and it's CITIES

BE IT FURTHER RESOLVED, that a copy of this
resolution be delivered to each City
and the Board of Supervisors with the
hope they will make the same DECLARA-
TION

THE PRESIDENT'S CORNER

REMEMBER!! FIELD DAY IS JUNE 28-29th

Don Doughty, W6EEN, and the many MDARC members that comprise the Field Day team have expended hundreds of hours in preparation for the BIG EVENT. Please contact W6CX on as many bands as possible during Field Day and help Don and crew achieve First Place and a new record for MDARC. With YOUR help it will happen.

I was looking through old Carriers and ran across a couple of paragraphs from Hank Herting's (W6AMH) column for June 1979 that bears reprinting.

"Some observations. To many quick mic button thumbs, including my own. Difficult for people to break in during times the repeater is under group QSO type conditions. Suggest we let squelch tail drop and count to three or whatever, in any event make a conscious effort to allow a gap between 'overs'. I don't feel complete station identification is necessary during each 'over' either. Sounds ridiculous and is time consuming when there are four stations with calls of interminable length.

After establishing contact on a repeater frequency, if within range, a simplex frequency could always be utilized to continue. Certainly during an emergency call all stations other than those involved should stand by and be silent".

Scott Miles, WB6PQM, is organizing the MDARC annual picnic this year. Give him a call and help out. The picnic last year was Great and we're looking forward to another Great one this year. Thanks for everything, Scott.

73, Chuck, WA6MWU

* * * * *

RED CROSS AWARD

The Mt. Diablo Amateur Radio Club was recognized at the annual meeting of the members, and Board of Diablo Chapter Red Cross, for "outstanding and dedicated service in communications". Ron Lockyer, outgoing chapter chairman, presented a beautiful engraved plaque which will be hung with pride in the W6LGW Memorial Station.

A few well known community leaders were present at the time of the award including Concord City Council member Diane Longshore.

The plaque will be on display at the next club meeting.

Doug Smith, WA6GON
Asst EC, Red Cross

PUBLIC RELATIONS

With Field Day coming up in June, the Club's efforts at public relations will peak. With the help of Joe, WD6APL & Doug, WA6GON, several of the local cities & the County of Contra Costa will be contacted & will be asked to proclaim "Amateur Radio Week". This will coincide with our Field Day operations. As of this writing the City of Concord has already agreed to proclaim "Amateur Radio Week" and Steve Weir of the Concord City Council (at the request of WA6GON) will assist us in trying to get some media coverage.

Additionally our club will be entering the ARRL Pacific Divisions "Club of the Year" competition. The Public Relations Committee is very optimistic regarding this entry.

Finally, Don, W6EEN, will be coordinating additional Field Day publicity in the local media, plus he hopes to have a picture of the W6CX operation on the front cover of QST as a result of the club's anticipated activity on Mt. Diablo.

Watch for further information in next month's Carrier and at the next club meeting.

73,
Ron, K6XC

FIELD DAY - JUNE 28th and 29th

By now everyone should know that the Club is mounting a major FIELD DAY effort from atop Mt. Diablo. We aim to set a new national score from this super site using high gain antennas and QRP rigs where experience shows we have an excellent chance of making it happen, the propagation gods willing! Some 45 members have committed to the effort which will commence on-site at 11:00 am. Friday, June 27th, when setup starts, and end Sunday, June 29th, when we clear out. The operating time is from 11:00 am. Saturday until 11:00 am. Sunday. We have had several organizational meetings and on June 12th will have an operating seminar on contest techniques.

Elsewhere in this month's issue of the Carrier is a guide to offsite check in. We need to have all the members check in on as many bands and modes (CW or SSB) as possible. Each CW contact on each band is worth 10 points and each fone contact on each band is worth 5 points. We will be operating on 9 bands (160, 80, 40, 20, 15, 10, 2, 220 and 450, in both modes, and Novice. Thus, each offsite station has a potential of 145 points (10CW bands and 9 fone bands). The Club call is W6CX (Whiskey Six Contest Xray) for all bands except Novice. On the Novice bands we will be using KA6ECK. The August issue of the Carrier will have an HONOR ROLE and count for those checking in from offsite. You can not operate onsite and check in for count however. If you want to visit though, & see our portable antenna farm, come on up after checking in - just tell them at the park gate that you are part of the MDARC group, there is no charge for entry.

Several of the Field Day crew will be putting on the June meeting program. We will be playing some recordings, making typical contacts on fone & CW, and generally going over what we plan to do. Should be interesting.

73,

Don, W6EEN

SOUTHERN CHAPTER
"NEWS FROM DOWN SOUTH"

By: Jerry, WA6CUP

This month your "Down South" scribe will devote the column to our only part time Southern Chapter resident. Joe Rudi, WA6PVA, resides in Laguna Beach for about eight months out of the year (variable, depending upon the good or bad fortunes of his primary employer). The remainder of the year is spent on his small, humble rancho in Baker, Oregon.

Joe, as many of you are aware, is a professional baseball player. He is a standout performer with the defending American League West Champions, the California Angels, headquartered right here in beautiful Orange County. Joe, who is 33 years old, is a native of Modesto, California. And prior to joining the Angels, was one of the mainstays of the world champion Oakland "A's". Joe has been described by some as the best fundamental baseball player of the present generation. A clutch hitter, he has achieved distinction in both world series and All Star play. In this, his 13th major league season, he has already distinguished himself by leading the league in homeruns during the month of April. He received the "Angel of the Month" award for April, 1980 and gives every indication of having another excellent season as one of the sport's premier left fielders.

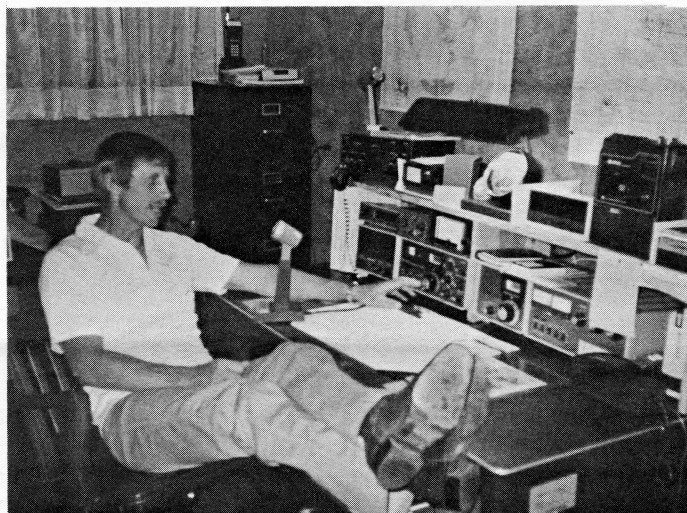

Joe's family (wife Sharon, sons Mike Scotty, and Sean and daughter Heather) is his number one interest. You will note, from the accompanying photos that the family (as represented by Heather) is definitely more photogenic than Joe.

WA6PVA's interest in ham radio dates back a few years. First licensed in 1976 he upgraded to General in 1977 and Advanced in 1978. He is currently studying for Extra Class while on

road trips with the ball club. Joe has achieved WAC, WAS, and DXCC with over 150 countries worked. He is active on 10-80 meters as well as 2 meters and 450 Mhz. He keeps in touch with the group down south from both his house and car on both 2 meters and 450 mobile. And on the road between and after ball games, Joe is active on the lowbands with an Atlas 210X. The Atlas will probably give way to a Kenwood TS1203 in the near future.

Joe's station in Oregon is one to envy. He runs Drake Twins, an L4B amplifier, an Electro-voice microphone with Vomax speech processor, and a four element KLM 40 meter yagi atop a 105 foot tower. The "small tower (an 88 footer) supports a six element 15 and six element 10 meter pair of yagis by KLM as well as a 2 meter beam. His 75 meter phone signal is enhanced by a dipole at 90 feet.

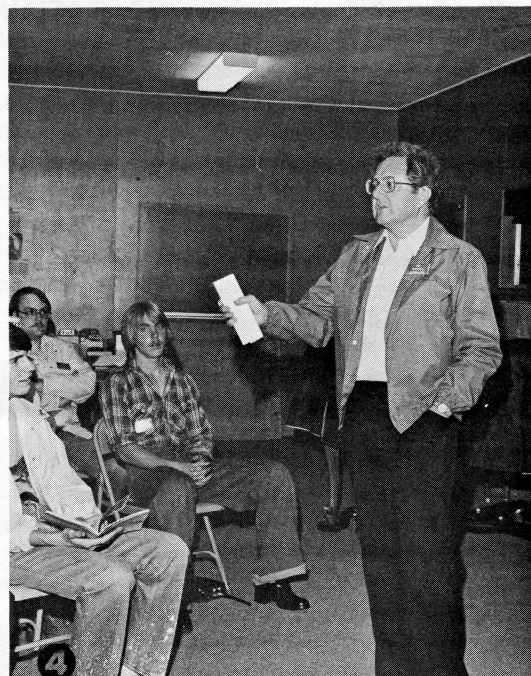

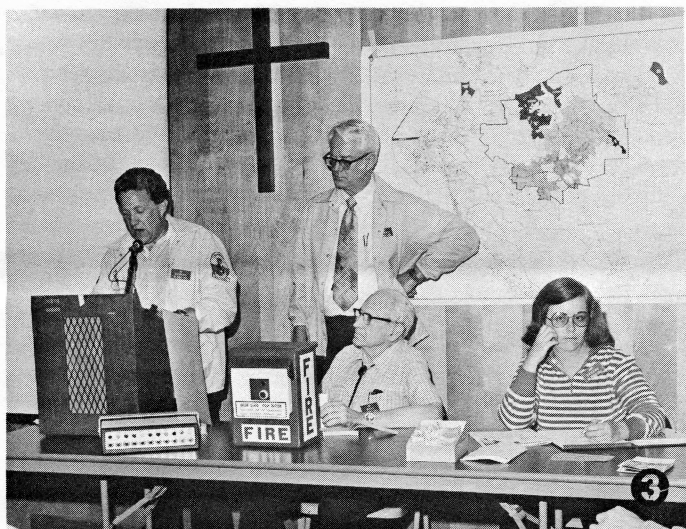

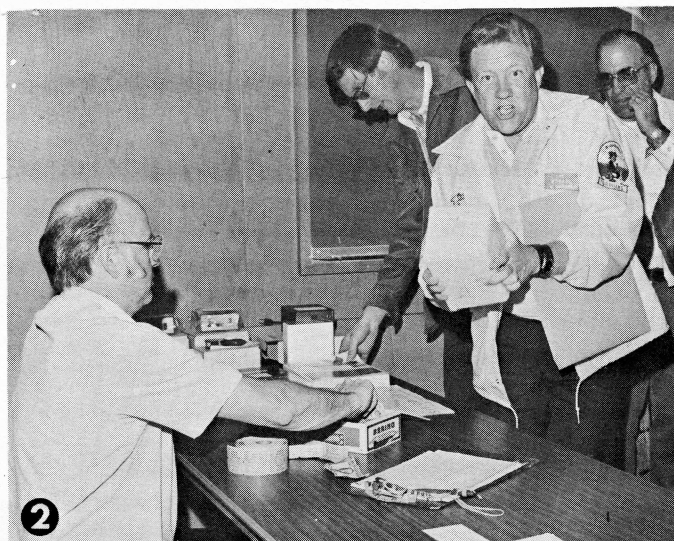

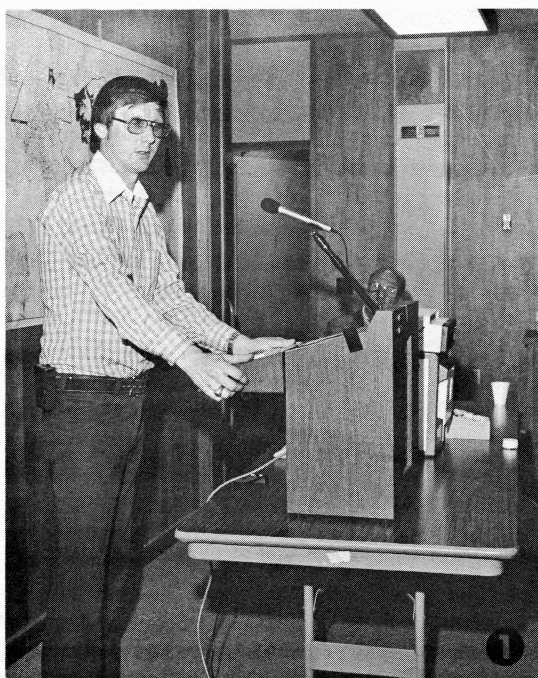

Several columns back I kiddingly said that Orv, W6BSL, was the full-time caretaker of Joe's radios. In fact, Joe takes care of his own and as you might guess from this brief column is every bit as good at amateur radio as he is prowling the outfield for the Angels. During April he made several fantastic catches in left field--he did the same on the low bands on the DX scene.

Come up on 3895 plus or minus QRM some night and say hi to Joe, WA6PVA. Be sure and ask him about his source of no calorie pizza and ice cream.

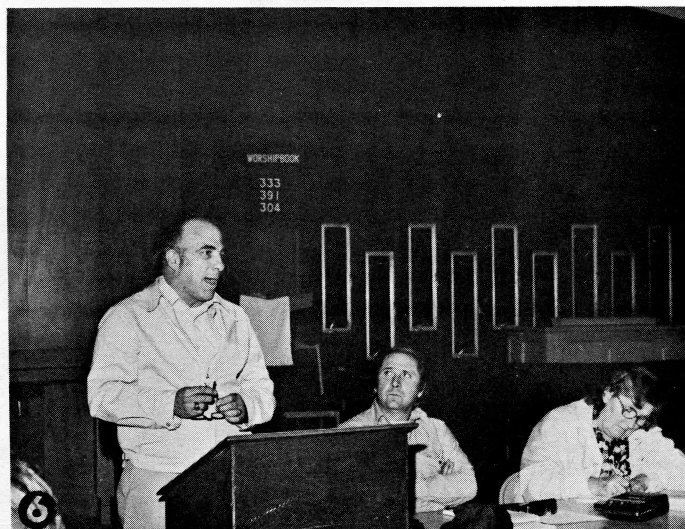

P.S. Patty and the kids and I will be in the "North Country" on vacation in June. We plan on attending the June 20th meeting of the MDARC. We look forward to meeting you then.

73,

Jerry, WA6CUP

EXCERPTS FROM
ROCKY RIDGE REPEATER GROUP MEETING
MAY 21, 1980

Meeting called to order at 8:05 pm. Minutes of the February meeting accepted as read.
Treasurers Report: Balance \$1618.00 & all bills are paid.

M.M.S. & P. to contribute \$50.00 to Grace Presbyterian Church.

M.M.S. & P. requesting Don Gilley, WB6VHW, sell old AHK equipment.

Election of permanent sec/treas. postponed until next meeting.

Dwayne, W6LKE, reported he is still working on obtaining clearance for Terry & others to have access to the repeater site.

M.M.S. & P. to waive \$10.00 in dues for Ken Stroube, WA6YOP, in appreciation of the 2 final tubes he donated to AHK, and that a letter of thanks be sent.

M.M.S. & P. for the Chairman to appoint a committee of three people, including Don Gilley, and authorize them up to \$1400.00 to buy whatever necessary to make AHK an A-1 repeater.

M.M.S. & P. that \$100.00 which was approved in December 1979 be included in the \$1400.00.

M.M.S. & P. to keep dues at \$5.00 for the 3rd quarter.

M.M.S. & P. to accept 3 new members:

Mark Burnham, KA6FEJ

Chuck Grant, KB6UY

Delores Koester, KA6AOC

Terry, WA6NTG, read the proposed interim agreements between the Mt. Diablo Repeater Association & Rocky Ridge Repeater Group for joint use of the frequency pair 147.66/06.

M.M.S. & P. for a show of hands vote. The proposed agreements were overwhelmingly rejected.

M.M.S. & P. to ask MDARC Board of Directors to notify MDRA to refrain from using 147.66/147.06, c/o Chuck Welch.

M.M.S. & P. that RRRG also send a letter to MDRA.

M.M.S. & P. to adjourn meeting.

Respectfully submitted,

Norma Davis, KA6EBT
Acting Secretary

Packet Radio Reports detailing results by packet radio experimentors in Montreal, Ottawa, and Vancouver are being published by CARF. For the first 20-page report and four future issues send \$5.00 to "Packet Radio Mailings" c/o CARF, Box 356, Kingston, Ontario K7L 4W2, Canada.

PRESS RELEASE
ATTENTION: THE CARRIER
CONCORD, CALIFORNIA

Dateline May 17, 1980

The morning sun broke bright and clear over the Concord Pavilion flooding the assorted gathering of thin clad who participated in the annual running of the "Run For Life" mini marathon, coordinated by the American Heart Association. Also revealed in the early morning light was a motley crew of amateur radio operators who were to time, guide, exhort, locate, and if necessary rescue the runners in this colorful event. One operator is reported to have been attacked by an angry herd of two bovines while in the course of his assigned operations. It is not known if he saved any runners from these beasts or if the attack was directed at "ham radio".

Participating in this worthy effort were the following, (not necessarily in any order) Doug, W6KIM; Betty, KB6UX; Frank, N6GQ; Dee, KA6AOC; Dick, WA6YXY; Dwayne, W6LKE; Dick #2, WA6ODA; Scott, WB6PQM, and Dave, WA6OFI. Extra curricular activities included pitching hay, by Dave, OFI type, and steer bulldogging by Dick, aka WA6YXY. Thanks to one and all, and we surely hope no serious damage was done to YXY's vehicle or to the victim. For further details on this part QSO Dick.

* * * * *

A HAM GETTOGETHER

Ham radio offers many types of operations & experiences. One that I enjoy, is meeting people that I have contacted on the air.

Recently I worked WB3HFM on 10 meters. At the time he was in Huntington, West Virginia. During the QSO I learned that he was in the Army, and attached to the United States Army Field Band & Soldier Chorus. Also that they were on tour & would be in San Jose on May 12th for a one night performance.

WB3HFM expressed his desire to meet me & the family. I agreed to meet him at his hotel & visit during his stay. In turn, the family & I were invited to attend the concert as his guest.

We found the concert to be outstanding. Both the band & chorus have people who are outstanding in the field of music. Any one who has the opportunity to attend one of their performances, should do so.

Before the concert & afterwards, WB3HFM & I were able to visit. It gave us the opportunity to exchange ideas on ham radio, also to give our family background.

I can truthfully say, one QSO with a fellow ham has given me an evening of fine music & fellowship. It was a night to remember.

Roy Estep, WA6FHF

AN OPEN LETTER

As many of you know, there has been a continuing controversy between the Rocky Ridge Repeater Group (RRRG) and Mount Diablo Repeater Assoc. (MDRA, (K6POU/R group)). In recent weeks communications have been reestablished between RRRG & MDRA and, hopefully, peaceful coexistence will be established in the near future.

As a result of being rather heavily involved in recent meetings with the MDARC Board, RRRG and MDRA, I have thought quite a bit about the relationship of MDARC and all local repeater groups. The following is my view, and does not necessarily state the views of the MDARC Board of Directors, RRRG or anyone else.

I propose that RRRG become an independent repeater group instead of a committee of MDARC. This would allow RRRG to function independently and MDARC membership would not be a requirement for RRRG membership.

The repeater group became a committee of MDARC in 1965, and WR6AHK (initially W6CX) has been the club repeater since that time, however, many changes have occurred in VHF/UHF over the years. RRRG now has over 100 members and has "come of age" as a large organization in and of itself.

The majority of MDARC members have little interest in VHF/UHF or in RRRG. The MDARC

members who are interested in VHF/UHF usually belong to one or more of the local repeater groups including RRRG and the majority of the membership of nearly all of the local repeater groups are MDARC members.

Public service and emergency communications are among the primary purposes of Amateur Radio, and any of all of the local repeaters are available to MDARC for public service events or emergencies. The repeater with the best coverage for each function could be utilized by MDARC.

With these thoughts in mind, I ask MDARC members, the MDARC Board, and RRRG members to consider the advantages and disadvantages of this proposal and to contact a club officer or RRRG steering committee member and state your views on this subject. I plan to call a meeting of the MDARC Board and the RRRG steering committee in the near future for a discussion of this matter, and then present it to the membership for a vote.

73,

Chuck Welch, WA6MWU

AMATEUR SELF IMPROVEMENT

Part 97.1 Subpart A FCC R&R (excerpt)

The rules and regulations in this part are designed to provide an amateur radio service having a fundamental purpose as expressed in the following principals:

- b. Continuation and extension of the amateurs proven ability to contribute to the advancement of the radio art.
- c. Encouragement an improvement of the amateur radio service through rules which provide for advancing skills in both the communication and technical phases of the art.
- d. Expansion of the existing reservoir within the amateur radio service of trained operators, technicians, and electronics experts.

The MDARC has met the challenge put to it by the regulations with its classes given every year free of charge by volunteer instructors. A recent suggestion by a club member, could if acted upon, provide an even greater educational challenge. Suggestion: Provide mini-courses for all amateurs covering a wide range of amateur radio related topics during the evenings MDARC holds its regularly scheduled classes. Topics might include operating, emergency service, and/or technical subjects.

If you are for such an idea as this, talk it up amongst the Board members you know, the EC's and the educational committee.

Doug Smith, WA6GON

* * * * *

CAR POOL NET

The CPN started last month was a success in one way and a flop in another. Scott, WB6PQM, had six check ins offering rides to stranded club members, but not a single stranded member spoke up.

The need for rides apparently does not exist to the degree I thought it did. Amateurs in our club had mentioned some members, especially the younger ones, had occasional trouble with transportation to and from meetings. Scott & I thought that the CPN might increase meeting attendance and give more hams a chance to attend meetings.

Scott will try the Car Pool Net again starting 6:30 pm. the night of the next club meeting on WR6AHK, 147.66/06. Feel free to list your need for a ride, or your willingness to provide one with Scott in advance by phone, if you don't have two meter equipment.

Scotts' phone number is 934-6081.

Doug Smith, WA6GON

Congratulations

* * * * *

TO THE MEMBERSHIP

I would like to take this opportunity to thank those of you who had your pictures taken for the directory and also those of you that mailed in your photos. I would also like to thank all the many people whose time and effort helped make the directory a success.

If the club decides to continue with a photo section next year, we will take pictures of new members, and only people who were dissatisfied with their photo this year. Otherwise, this year's photo will be used again.

In most cases, we only took one photo of each person in order to hold down expenses; so, if we did not get the "true you" this year, we will try to do better next year.

Thanks again,

George L. Roush, WB6OFH

HR REPORT

A Florida Amateur Was Convicted May 8th on charges resulting from his interfering with the control and autopatch functions of a Miami area repeater. Armando M. Rodriguez, WD4FPY, was convicted of violating Florida Statute 365-16, which makes it a crime to place anonymous telephone calls to harass or annoy another.

The Disruptive Phone Calls had been plaguing the SIRA repeater, WD4ESB, since early last year, even though the control and autopatch numbers were unlisted. Southern Bell security people began their investigation October 4th, and in less than a month confirmed WD4FPY's involvement. Sophisticated call-tracing equipment was used for the investigation, during which the SIRA numbers were changed several times.

Six Months Probation and a \$250.00 fine were levied against WD4FPY by Judge Gerald Klein of the County Court of the 11th Judicial Circuit of Florida, after SIRA officials told the judge they did not want to see him jailed. Southern Bell technical people were joined by WA4ZZG, WD4JTE, and WA4TCO as prosecution witnesses. Further investigation of SIRA's jamming problem is continuing.

YOUTH ENCOURAGEMENT COMMITTEE

The picnic has been planned for the 23rd of August, site tentative. The club will probably supply the soft drinks & the watermelons. The club will not be supplying lunch or the bar-b-ques, so everybody should bring their own food. We plan to have a transmitter hunt, a water-melon eating contest, & a frisbee contest. We will assemble at 9:30 am. & being the T-hunt at 9:45 am.

The t-hunt will be on a 2 meter frequency not yet determined. So bring your df equipment.

I need volunteers that will be able to bring coolers, ice, a volley ball net, a volley ball, badmitten equipment, frisbees, & a garbage can of ice for the watermelons. If you are able to help me at all please let me know.

This is a family outing for not only the young but we want the older generation also.

73's,

YOUR youth encouragement
Chairman

Scott, WB6PQM -- 934-6081

ROCKY RIDGE REPEATER GROUP

On Saturday & Sunday (5-31, 6-1) several members of the group were at the repeater site & relocated WR6AHK's receive antenna to an approximate 180 foot height on the tower, according to Chairman, WA6NTG.
